VARONA'S PLANS NOT FULLY ACCEPTED

Vignettes of the Philippine Commonwealth

GREGORIO F. ZAIDE, PH. D.
History Professor, Far Eastern University and Exchange Professor to Hawaii

Mr. Shinguro Takaishi, Japanese editor, bewailed the world's misunderstanding as to Japanese policies in the Orient, in the course of his reading-lecture at the Pacific Club held under the auspices of the Institute of Pacific Relations last Thursday night, October 14th.

"I want you to understand", Mr. Takaishi told his audience, "that Japan has no ulterior motive in the present Sino-Japanese war, but to convince China that she is wrong in her attitude to us. We come to China to offer our best friendship, and not to create a new state like that of Manchukuo."

Frankly speaking, I do not see anything enlightening or illuminating in the Pacific Club lecture. Mr. Takaishi's attempt to speak for his country's prostitution of another country's sovereignty is elusively lame. In another line of thought, he said, as all Japanese militarists and intellectuals believe, that Japan is the guardian of peace in the Far East. This is distinctly an echo of what a Japanese educator said last August in Tokyo during the VII World Educational Conference that Japan considers herself the head of the family of Oriental nations, and if any of these Oriental nations would disturb peace in that part of the world, she will chastise said erring nation with force.

Now, we Filipinos, who also belong to the Orient, cannot swallow such a preposterous idea. Right now, we cannot see how Japan can hope to befriend China by bombing Chinese cities, blasting Chinese universities, and killing Chinese population. Is it a new, fangled method of friendship to solicit it at the point of a bayonet or the mumble of a cannon?

Then too we may ask Japan by what right does she arrogate to herself that authority as the head of the family of Oriental nations. Formosa, Korea, and Manchukuo cannot, of course, challenge this, for they are within the iron claws of Japan. China, with her new-born nationalism, is contesting it. And the world is on her side.

We Filipinos are vitally interested in the Sino-Japanese war. Like the level-headed world, we sympathize with the fighting Chinese.

Japan can go on grieving about world misunderstanding and international odium. She has only herself to blame for it, because her very actions belie the sincerity of her wordy protestations. History is our witness to this. No word in the dictionary can sugarcoat Japan's atrocious vandalism in the Orient.

LUNCHEON-MEETING

Prominent local Filipinos have been invited to a luncheon at the Honolulu Chop Suey house Sunday, October 24. Commonwealth Day plans will be discussed.

FILIPINO 'ROUNDUP'

SAN FRANCISCO, Oct. 24—Immigration officials said today a roundup of more than 400 Filipinos who arrived in San Francisco in May, 1934, after approval of Philippine independence is now underway.

National Paper Mills Without Stock Permit

The National Paper Mills, a company registered with the Philippine Bureau of Commerce, has not yet been granted a permit to sell any shares of its capital stock, according to Ricardo Nepomuceno, Securities & Exchange commissioner of the Philippines.

Nepomuceno, answering a request for information from Hawaii, wired the low-down to Honolulu last week, adding that several complaints against the company are pending in Manila.

The company not only has not yet been given a permit to float its stock in the Philippines by the Philippine Securities & Exchange commission, it has not yet obtained a permit from the Federal Securities & Exchange commission in Washington to make any sales in Hawaii.

Japanese Textile Plant In Manila

WASHINGTON, Oct. 16.—The commerce department reported today that a Japanese firm importing cotton and textile yarn and knit goods imported 400 looms from Japan to manufacture cotton piece goods in the Philippines.

Officials said they were informed production would probably start in February or March with the firm using Filipino labor and Japanese foremen.

MAUI STRIKES END ADMITTED BY CHIEFTAINS

Leaders Claim Lahaina Strikers Have Left The Plantation

Leaders of the long-drawn strikes on Maui at Puunene and Lahaina who arrived in Honolulu this week to see Francisco Varona before the latter leaves for Manila, admitted in statements to the CHRONICLE that the strikes are over, at least for the time being.

They disclaimed any knowledge of any striker going back to work for the plantation he struck against, saying the the strikers sought work in other Maui plantations or went away to Honolulu and other islands.

It is known the Vibora Luriminda, moving spirit of the Maui walk-outs, are vigorously campaigning for members in all parts of the territory and on Kauai are making good headway.

Assembly Opens Session In P. I.

MANILA, P. I. Oct. 16— The Philippine national assembly opened its regular 100 day session today with the prospect of devoting much of its time to the question of social justice brought on by President Manuel L. Quezon's recent blasts against the courts and the legal profession.

HSPA, Varona Merit Congratulations
—Editorial—

Congratulations are entirely in order for the Hawaiian Sugar Planters' Association and Francisco Varona, author of the "Varona Plan" adoption in part of which by the former has been announced.

The reply of the trustees of the HSPA to Varona's three recommendations comes to most people as a pleasant surprise. It is more than what was expected.

Chronic laborites will deplore the well selected language of the reply, the absence of such words as "labor," "unions", "recognition", "collective bargaining".

Personal enemies of Varona will minimize the free passage concession, will point out that the conditions for returning to the Philippines on HSPA expense have been made more severe.

But there can be no argument as to it being a step forward, and as such, credit should be handed out where credit is due. Credit is due Varona for his recommendations and his diplomacy. Credit is due the HSPA for meeting the Varona plan half way.

Free transportation to the Philippines is now assured all Filipinos who sign new work contracts with the HSPA whether they are sugar plantation employees or pineapple workers. This is a great concession the effects of which may be more far reaching and greater than expected.

Under Point No. 2 relating to Filipino labor organizations, the HSPA commits itself to a more liberal attitude toward organized Filipinos' complaints against their employers. This should redound to a better understanding of the nature and extent of the grievances of the workers against the management.

As regards the bank proposition, that, of course, is entirely out of the hands of the HSPA. About all they may do for it is to endorse it. The HSPA has not endorsed it, but it is good news that it is not hostile to it. The proponents of the plan can go ahead and be assured of the "sympathy" of the HSPA.

All of which is indicative of the trends. Hawaii is moving forward. Its Filipino population is doing much to make it progress. Labor and Hawaiian capital. The HSPA is Varona has pointed the way for both Filipino looking his way.

EMPLOYEES ASSURED FREE PASSAGE TO PHILIPPHINES IF THEY SIGN NEW FORMS

Will Execute New Authorizing Contracts, If Accepted Before July, 1937

Partial adoption by the Hawaiian Sugar Planters' association of Francisco Varona's 2-point program for improving the relationship of plantation managements with their Filipino workers was announced early this week by [illegible] president and H. A. Wells, HSPA auditor and secretary-treasurer.

In his letter to Varona informing him of the decision of the trustees of the HSPA on his three recommendations, Wells stated:

"1 Concerning the question of granting new agreements with free transportation from Honolulu to Manila after the fulfillment thereof, the association will execute agreements as follows:

"(a) To any able bodied Filipino plantation employee who has previously worked upon a such plantations has been for plantation in Hawaii and whose total of employment on all such plantations has been for 10 years or more since his last arrival in Hawaii, and agreement for three years.

"(b) To any other able bodied Filipino plantation employee an agreement for five years.

"In either of the above cases the agreement shall be in form as per the draft attached hereto.

"The privilege granted Filipinos of accepting these agreements shall expire June 30, 1938.

"These agreements shall be designated 'Varona Agreements 1937-38'.

"2 Concerning the question of organizing plantation groups, it is the policy of the Trustees and managers of its plantation members to encourage contacts between the management and employees which may obtain fair and quick settlement of questions that arise affecting the welfare of the employes.

"On many plantations there already exist organizations that accomplish these ends.

"To further this policy the trustees will recommend to the managers of plantation members that they confer freely with the elective employe representatives of Filipino associations formed by their plantation employes.

"3 Concerning the question of the organization of a bank, the trustees are in sympathy with your idea to establish a Filipino banking institution in the territory that will afford an opportunity for Filipinos to participate in its ownership and operation, and at the same time protect the interests of its depositors but the association is not in a position to foster any commercial enterprise."

FEW FILIPINOS ASKING HELP FROM CHARITY

Aid Given Filipinos By Social Service Bureau Told By Neil Findley

Few Filipinos are requesting assistance of the Social Service bureau, according to Miss Neil Findley, director of the bureau.

The bureau is assisting four Filipino families at present. Nine [illegible] are being assisted [illegible] unemployment. One [illegible] on account of [illegible] and the other [illegible] of domestic difficulty. These four families were born in the Philippines.

Within the last three years the bureau has returned few families to the Philippines. In [illegible] the help of the Hawaiian Sugar Planters' association [illegible] Pablo A. Taok and his "Hapat Balatan" movement, the bureau returned over 1,000 Filipinos.

"It will be well at this time to state," declares Miss Findley, "that none were forced to leave the territory, but all were given free passage at their own request."

In 1936 when the social service bureau handled funds not only for the bureau but for the territorial direct relief fund and for the Board of Child Welfare as well, 1960 cases involving 714 individuals were registered with the office. Of that number 124 families involving 579 individuals were given financial assistance.

Miss Findley emphasizes that at no time has the Social Service bureau ever conducted an unemployment agency saying: "If the Filipinos looking to us for assistance were in need of work only we referred them to the WPA and the HSPA. The bureau does not expect to help any unemployed person, but will refer such a person directly to the Public Welfare commission or the WPA for assistance. This will be our policy regardless of race."

MAKAWELI ELEELE FILS JOINING HIFL

In spite of the desperate efforts of Rev. C. C. Corteman and his gang of anti-HIFL Filipino orators to check the HIFL membership drives on Kauai, more and more Filipino workers are joining the ranks of the HIFL.

Only a few at Makaweli and Eleele are not wearing CIO-like Gerlmatine membership in the HIFL. While the listeners to Corteman's meetings are dwindling to almost nothing, HIFL meetings are attracting big crowds.

MANUEL QUEZON SUPPORTS PLAN FOR MEETING

MANILA, P. I. Oct. 15—Paul V. McNutt, American high commissioner to the Philippines, [illegible] to the State department in Washington that a proposed conference of nine powers peace pact elimination be held in Manila, it was learned on reliable authority today.

Observers remarked that Manila probably would be more acceptable as a site for the conference than Brussels, originally discussed as the meeting place, at least insofar as Japan is concerned.

This was attributed to proximity of Manila to Tokyo and to its relative isolation from other European troubles.

President Quezon reportedly favored the plan as a further means of promoting neutrality [illegible] of the Philippines after the commonwealth attains complete independence.

Black Capital Of Western Pacific

"To the Philippines" proclaimed the HONOLULU TIMES, Japanese language publication in the Philippines which recently has been suspended by the suspension of Filipinos—the intelligent and well-to-do."

Varona Going to P. I.

Francisco Varona, personal representative of President Manuel L. Quezon who for the past three months has been making a survey of Filipino conditions in Hawaii, will leave for Manila on the S. S. President Coolidge Thursday, October 21 at 6 p. m., accompanied by his niece, Miss Rosario Menchaca.

It is understood Varona has decided to take a steamer trip to Manila in order to delay as long as possible his return to Manila where he has been appointed by President Quezon commissioner because of politics. Varona was to return by clipper October 18.

'Hawaii Sentinel' Sued Again By Maj. Gen. Wells

Maj. General Briant H. Wells, executive secretary of the HSPA, has brought a second criminal libel charge against the HAWAII SENTINEL which ran an editorial accusing the retired army officer with having fanned the ill-will of the Filipinos by his acts in connection with the prosecution of the Maui strike leaders headed by Antonio Fajardo.

In his second charge, Wells includes the W. W. Akana Printing company which prints the SENTINEL. Judge William B. Lymer is representing Wells.

VARONA IS HIGHLY PLEASED WITH REPLY OF HSPA TO PLAN

Francisco Varona is "highly pleased" with the reply of the trustees of the Hawaiian Sugar Planters' association to his three recommendations for improving the relationship of plantation managements with their Filipino employees.

In a special statement to the COMMONWEALTH CHRONICLE Varona said:

"I am highly pleased that now all Filipino pineapple workers are placed on an equal level with the sugar plantation workers in their right to have free return transportation to the Philippines.

"I hope that pretty soon the plantation workers will get the same wages that the pineapple workers get. I just quit, believe me, they get three times more. I feel that there should be unity in the cause of the two classes of workers.

"I feel happy due to the Filipino plantation workers due to their new right to work conscientiously and cooperate with their managers from now on. It is up to them to exercise their newly acquired right to form their own associations through which they may deal with their managers man to man. I incorporated that point in my plan specially because I want them to have a personality of their own.

"As for the bank proposal, the duty of the trustees is encouraging. After all, what we need is their goodwill and sympathy and we have been assured of that. It is true that in their position they cannot foster a commercial enterprise. It is important that they are not hostile to our plan."

YOUTH AND A DISTORTING MIRROR

A young heart throbbed with melody
Of blissful joy, surging—carefree
Unmindful of Life's cunning eddy
With comb, on his head drew a straight line

Defty he combed down his jetsome hair
And hummed, clear as rippling water
As he gazed with bright eyes fair,
Twinkling with a youthful laughter.

Gently he combed his hair—parted
And into the mirror he peered,
Ah! With downward strokes, restarted,
As the parting line looked carved and wired.

Again and again he tried and failed
With whirlpools and jolts in its spree.
His face flustered—his patience assailed
Flown hath the song in his heart benign.

Closer he moved, combed and gazed
Nearer to the mirror, repining
With one stroke he was much amazed
Of a perfect line, that made him sing.

Gently he combed his hair to the side,
His eyes sparkled, satisfied well
While his youthful joy came to abide,
And much enthusiasm taht swell.

Then with a few steps retreated,
And for a last glance, ah! fastidious lad,
Alas! His figure was distorted,
The clean-cut, parted hair looked bad.

Breaking glass, resounded with clangs,
As a young heart throbbed and sang.

CHOO PRESENTING GREAT CARD AT CIVIC AUDITORIUM OCT. 28

Young Tony, Hawaii Featherweight Champion, Signed to Fight Dommy Ganzon; Mauricio Seria to Meet Korean Chin

Matchmaker Mark K. Choo of Sports Enterprises, Ltd., the hui that runs the boxing shows at the Civic Auditorium, has two "naturals" for his double main event Thursday night, October 28.

Dommy Ganzon, big favorite of the local Filipino fistic fans, finally gets a "break" against as ideal an opponent as can be obtained for him in these Kanaka islands—Young Tony, featherweight king of Hawaii.

Both boys pack dynamite in their padded mitts, a fact too well known by the fans. They are scheduled to explode in the final bout of what promises to be a great fight program.

After the explosion, this writer looks forward to sack and ashes for the Portuguese pride with the handsome brown boy holding the sack to take home.

In the other main event, Mauricio Seria will slug it out with Korean Chin. The bout should turn out to be no less than a slugfest. Both boys are rugged and willing mixers.

In his last appearance, Chin took a TKO beating at the hands of Ganzon. If Seria locates his foe at the right spot at the right time, as did his stablemate, he should emerge a knockout victor.

Despite his reputation for toughness, Chin has demonstrated his vulnerability to a hard right to the chin. He has the gameness that will be most welcome by Seria. Seria is not the sort to back away and duck blows. Chin should put up his best scrap against Seria.

In the preliminaries, Kid Alexander will take on Gilbert Higa; Andy Alcala, Young Benny Leonard; Kid Visayan, Benny Dawson; Kid Domingo, Charlie Higa.

There will be no increase in the admission prices, according to Matchmaker Choo!

Iti kaungan iti pampanunot ni Colas nalaginna ni amana, isoa nadamdamag na laeng a maysa a verdugo, ngem saanna nga ammo no sadino.

"Agsarak kami iti mabiit iti dayta a tao . . . ." inkunan Colas a siesnek, ngem ni Marcos imbilangna laeng nga ang-angaw. Di a mabayag dadi guardia napanna tinengel ni Colas, ket inkunana:

"Saan mo a rebbeng ti makisarita . . . . Inka idiay rebbengmo a papanan," kuna ti guardia. Wen, ta ni Colas napatayan iti dupa a patay . . . .

* * * *

"Ania ngata ti basol ni Colas?" intantanamitim ni Marcos, ket idi lumabas manen ti Verdugo. Nagbalinen nga iti uray anniniwan laeng ti verdugo kabutbutengen amin a balod.

Naiyammo met ken Verdugo Diego Rodrillo nga adda maibitay iti mabiit iti dayta a bigat. Uneg ti oficina ti Pangulo ti Priso. "Rodrillo, adda met la pusom a mangbitay iti maysa nga ubing? Agtawen laeng ti duapulo ket innem?" nagsaludsod daydi Pangulo.

"Apo, natangtangken pay ti nakem ko ken pusok ngem daytoy a bato!" kinunan Rodrillo ti simmungbat ket intudona daydi bato a pagtugawan.

"Nasayaat tapno maiwakas amin dagiti managbasbasol. Agdakes sa aminen nga ububbing, ket tapno adda pagmennamennaan dagiti agtutubo!" inkunana.

Nadanonan manen ti malem. Oras ti a las kuatro iti malem. Simmangpet ti maysa a ministro iti uneg daydi balodan. Sipsiputan dagiti tattao no adino ti mapanna pangasabaan ta saan met nga agturong iti daydi kadawyan a pagsarsaritaanna . . . . Ni Marcos ti nakasipot a naimbag ket nakitana a nagturong iti daydi nasipnget a silid, naiputputong a balay a bassit iti ruar ti maysa nga alad.

"Mabitay gayam ni Colas ta sadiay ti pangitarusanda kadagiti mabitay," kinunana.

Sadiay napan daydi ministro . . . . Nagsarsaritada a dua ket impudno ni Colas iti daydi pastor ti nakaipuonan ti panakaibalodna. Nagsangsangit ken nagbabawi, kalpasan panagsarsaritada. Ti ministro inna pinaneknekan iti kinakidser pammati iti Dios. Inkunana:

"Anakko, natay ni Cristo gapu kadatayo; nagbasolka ngem iti daytoy sinubbotnaka. Nakaumay ka ditoy gapo iti kinakurang ti pammilin dagiti nagannak kenka."

"Umaykanto man kitaenen no malem no bigat! Ti Dios ti mangliwliwa!" insaona nga inyud-udi. Adda pay innem nga aldaw na sa mabitay. Maysa a lawas na laeng a makaktia iti lawag.

Ni Marcos iso ti agngatangata a kanayon no ania ti kasangwanan ni Colas . . . . "Dandaniak met la rummuar ditoyen, a ngem no rummuarak sinonto ngata pay ti masapolak a mangsarabo kaniak. Ni Colas a gayyemko, bitayenda metten. Ngem ania ngata ti nakabasolanna??" sinaludsodna iti daydi tao a nakakita iti pastor a naggapo iti daydi nasipnget a silid.

Daydi a tao kasangpetna met a naggapo iti ruar kaibalbalod. Nagsao ket kinunana: "Iso ni Colas daydiay, agtawen laeng ti duapulo ket innem. Pinatayna ti noviana gapo laeng iti imon. Ket nadamagko a amana ti verdugo ditoy ta agnagan ti Nicolas Rodrillo. Dimaddakkel idiay ili a Bantay ta ti inana a babai nakisina ken Verdugo Rodrillo idi ubing pay ni Colas. Nakikaddaddua kano kadagiti managdakdakkes a lallaki ket isoda ti nangisungsungsong kenkuana." inkunana ni Veracruz.

"Mangdad-dadael ka, ah! ania ti nakunam?" kasla nakapungtot gapo iti panangisawang ni Veracruz a managdakdakes dagiti kinadkadduana, ket iso maysa met kadakuada. Ngem, saan a nagbayag ti pungtotna agsipud ta aminen na met a managdakdakes nga agpayso. Wen! naala na ti nasayaat a panunot . . . . .

"Saanko a pabasolen no pinatayna ti ingingongotenna a balasang, aglalo no nagkinnarida ket linokoloko ti babai ken nakiinayat manen iti sabali a lalaki. Uray met siak aramidek ti kasta. Ti laeng nagdumaan mi, ubing daydi inar-arem ko ta agtawen laeng sangapulo ket lima. Natiliwandakami nga agararamid ti nainlubongan, ket agsipod ta ubing unay ken saan met a mabalin nga agasawa kami, imbaloddak," inkuna met ni Marcos, ket pampanunotna adda idi ken Nita.

Maikapito nga aldaw.

"Nakitadak manen dagiti balod a nakálislis a ket garupen da manen a pumatayak iti tao," kunkuna ni Rodrillo idi madanonan ti bigat. Kasla ngumerngerngger dagiti balod no makitada ti Verdugo a nakalislis. Nagbalinen a kas maysa a partaan, maysa a pakauna daydi a panglislisna.

"Rodrillo, agsiddaaw ka ita nga aldaw. Maitured mo ngata ti pumatay, ngem saanmo a maitured ti mangbitay iti daytoy nga aldaw!" inyangaw ti ktulongan ti Pangulo. Ammona a daydi nga ubing, anak ni Rodrillo ta maipakita kadagiti naisurat pagbasaan pakasarsaritaanna.

Nadanonan ti malem iti oras a mapakawan iso ti basol iti Espiritu Santo. Napakawankan! Yantangay adda kenka iti naesnekan a pammati iti Espiritu Santo ken iti bileg ken pannakabalin ti Dios a mangisalakan kenka, bendicionan ka iti nagan ti Dios Ama, Anak ken Espiritu Santo."

Nagsangit ni Colas ket dagiti luluana kasda danum a naggapo sadi langit—nangpunas iti rupana. Imparintumengna ti nagkararag . . . . . Ti luluana a nagtedted kasda balitok iti sangwanan ti Dios. Idi ta imulagatna ti matana, ket nakatangad idi, awanen a makitana ti ministro ngem nakitana ti kas ladawan, apniwan a napan kenkuana. Mangliwliwa ket kinunana: Saanka koma nga agbuteng. Mamatika kaniak, mamatika met ken Ama . . . . ."

Naglawag a kas addaan silnag ti pulan iti rupana.

Ngem awanen ti matimtimek.

Iti apagdarikmat lumabas ti Verdugo iti ayan dagiti balod . . . . Kasta unay ti ikkes. Ammoad a mapanna manen glusten ti maysa a biag. Nangeg ni Colas ti kasla unay nga ariwawa . . . . .

"Apo, kaasinnak!" kinunana . . . . .

Nagin-inot a nailukat daydi nasipnget a silid. Dua a tao ti napan iti ayanna ket kinumotanda ti matana iti nangisit a twalla. Nagultolok a kas maysa a naikari a matay . . . . .

Apaman a nairuar iti daydi nasipnget a silid ket naiyaideg iti pagbitayan, miningningan ti verdugo ket innalana daydi naisagana a barot a natali a parabitay.

Nangegda ti kasta unay nga ikkis ket kas naipadpaduma ti pigsa daydi timek a nangipitleng iti lapayag ni Rodrillo . . . Ipupukawna ti "Papatayem dayta anakmo, Rodrillo!" kasla saan a nakapapati daydi nangegna, ngem inlangaanna daydi ubing ket kas kalangangana ti lapayag, ngiwat, pingping ken panagbubuokna. Pumigsa a pumigsa daydi pukkaw ket awengna ti kasla agallungogan idi lapayagna.

Imparatengnged na daydi tali ket apaman a gutadenna koma daydi liligsayanna, nagaweng daydi sao a nangegna idi lapayagna . . . . natitileng . . . . simmamay kadagiti ricricnana. Napukawna ti pigsana ket nattuang. Natalimudaw, ngem saanna nga ammo ti nakapayanna.

Binangunda ket apaman a nakaungar awaganna ti nagan a "Nicolas". Daydi ubing a sikukumot simmungba tket kinunana: "Tatang! Nagbasolak, mabalin unay nga aramidem ti rebbengem, uray ket sisasaganaak."

"Anakko, siak amin ti akinbasol iti kaaddam ditoy . . . . ." inkunana, ket saan a nabayag, iti sakit ti pusona kasta unay, inanun-una a natay!

Saan nga ammo ni Colas ti naaramid. Ngem binagkatda ni Verdugo Rodrillo, ket daydi ubing a nakaiakder nga agurray iti inna ipapatay adda nay laeng idi a si-uray.

Napan ti dua a lallaki kenkuana, ket inkunada: "Saan mo nay rebbeng ti matay!"

In order to make the Filipinos in Hawaii conscious of local, national, and international affairs today and how they stand among the peoples of the world, we are endeavoring through the medium of the press to have the Filipino citizens and nationals of this territory be guided by intelligent public opinion.

We desire all our countrymen to be enlightened and to be cognizant of the fact that without unity there is no strength. We are not attempting to organize a group of people for selfish aggrandisement but to make them part of the educated public which make up a truly civilized nation.

Let us make the PHILIPPINE COMMONWEALTH CHRONICLE our national organ in Hawaii.

OUR PLAN:

To have honest men and women to represent us in getting subscriptions for this paper. To pay our agents 25% commission and 10% bonus for every 50 paid-up subscriptions turned in per month.

To offer a hundred-dollar extra bonus to the highest producer of each island, provided however, that there shall be at least 1,000 yearly paid-up subscriptions from each island. $2.50 a year.

To give a free round-trip ticket to the Philippines to the highest producer in the territory provided 5,000 yearly paid-up subscriptions shall have been turned in.

To allow each of the district managers (Oahu, Kauai, Maui, Lanai, Molokai, and Hawaii) 5% commission from cash turned in from own districts.
